

Monday - 20 March 1950

STATSPEC

25X1A 1. On 17 March 1950, Mrs. Federle (Sen. Hugh Butler's office) called the Director's office requesting [REDACTED] reports from 1 June-30 November, 1949. As there were no copies of the unrestricted reports remaining, [REDACTED] secured the Director's approval for the restricted reports to be sent to Senator Butler. Upon a call from Col. White on 20 March, I protested this ruling to the Director on the basis that we never released the restricted reports, and that if we did so in this case we might have to release it to all Congressmen. He therefore reversed his decision and I informed Sen Butler's office that we had no extra copies available, but that they doubtless could be obtained from the Library of Congress.
